NEW RATE

C. and O. Will Inaugurate It in Kentucky Next Month

A new rate in Kentucky railroading will be introduced when on May 21st the Chesapeake and Ohio will declare a two-and-a-half cent per mile fare.

The statement issued to Agents by the General Passenger Agent of the system is to the effect that the reduced rate will go into effect throughout Kentucky on the C. and O. line.

The C. and O. is one of the few roads not a member of the Southeastern Railway Association, and consequently it has the right to make its rates at will. It is believed that the reduced rate is made for the benefit of the public. It will visit the Jamestown Exposition during the coming summer in vast numbers.

Whether or not the new rate is declared in her states or whether or not it is permanent is not known.

REVIVAL AT PARIS

Nearly 100 Additions to the Christian Church

One of the greatest revivals in the history of the Paris Christian Church has been in progress for two weeks.

The sermons have been delivered by Elder I. J. Spencer. They have not been of the excitable kind, but good old-fashioned doctrinal sermons, such as are bound to result in great good, and overflowing with good thoughts and oratory.

Elder Carey E. Morgan has charge of the services, and through his influence has brought many into the Church.

The additions number nearly 100.

SEEKING

The Services of Cincinnati Detectives—Something Doing

Saturday's Cincinnati Post.

"Delegation of Ministers from Maysville, headed by Rev. Wilson, Pastor of the First Baptist Church of that city, called at Police Headquarters, seeking the services of Cincinnati detectives in a fight to prevent the corruption of the ballot at an election to be held in Maysville.

"The Ministers are the leaders of a movement to vote Maysville dry. The delegation stated that they feared corrupt influences would be brought to bear in behalf of the 'wets.' They had ill luck with three detectives imported from another city, for several of the town cut-nips got next to the sleuths and ran them out of town.

"It was explained to the delegation that city detectives are not available for service at Maysville even on extraordinary occasions."

The Rev. Wilson mentioned above is evidently intended for Rev. W. R. Ivey, Pastor of the First Baptist Church.

THANKS to all the powers that be, THOMAS W. LAWSON does not confine his writings entirely to politics. The world would go daffy if he did.

SPRING is here at last, and now all we need to make us happy is a circus, and any old kind of a circus will do, just so there's a clown, the ringmaster, a girl, a horse, a band and plenty of peanuts and red lemonade.

THE new constitution for the proposed new state of Oklahoma is said to be simply a great mass of Populistic hodge-podge for theoretical government and that Congress is almost certain to refuse to ratify the document. It is longer than the moral law, and then some.

At Mt. Sterling last Wednesday 48 counties in Kentucky tacitly expressed themselves as favoring the choice of President ROOSEVELT for the Republican Presidential nomination in 1908, and AUGUSTUS E. WILLSON for Governoratorial nomination. ROOSEVELT's choice is TAFT, and Kentucky will stand for TAFT. The matter is practically settled, and at the Louisville convention in June THE PUBLIC LEDGER hopes and expects to see the candidacy of Judge TAFT openly and unequivocally indorsed with a unanimous voice and a heartiness that will echo from Maine to California. Kentucky blazes the way for the next President of the United States—W. H. TAFT.

MORE earthquake shocks in Europe. Maybe something's going to happen in Spain?

WHILE Senator TILLMAN is going about the North abusing the Negro, Senator FORAKER remains in Ohio to see that every colored gentleman gets a square deal. The two able statesmen from opposite corners of the Senate chamber should get together and compare notes. The "equilibrium" must be maintained, you know, and both Senators are merely putting up a big bluff.

"I do not want my son to be President; he is not my candidate," smilingly declares Mrs. ALPHONSO TAFT, mother of Secretary of War WILLIAM H. TAFT. "The Supreme Bench, where my son would administer justice, is my ambition for him. His is a judicial mind, you know, and he loves the law. Added to this are good health and an unfailing good nature."

Thus spoke the lady. But a fond mamma's opinion cuts a mighty small figure when eight million American voters demand that a patriotic son sacrifice his preferences and his ambitions upon the altars of his country and when duty and expediency call. Mrs. TAFT is a splendid woman to have borne such a son as WILLIAM, but like the Spartan mothers of old she should buckle about him the Presidential armor, place in his hand the sword and shield of action, and say: "Go forth, my son, and battle for the Presidency. Your country commands you!" And Mother TAFT will do that very thing.

HARVESTING HIS CROP.

"A young friend of mine," said Senator Bailey, "married not long ago a woman of fifty years. She was rich and ugly; he was handsome and poor. "The day after their wedding I met the bride and groom on a Pullman train. The groom went into the smoking compartment with me and we lighted up. He smoked gloomily. "Well, Jack," I said, 'so this is your honeymoon, eh?' "He smiled grimly. 'Don't call it my honeymoon,' he said. 'It's the harvest moon with me.'"

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies, but without avail and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

Word reached the Cincinnati Police department Saturday from the office of the District Attorney of Wilkesbarre, Pa., that Cincinnati is one of the Black Hand headquarters in America, according to a statement to the District Attorney, credited to Joseph Rizzo, an Italian aiding that official in the prosecution of blackmailing and dynamiting cases in that city. There are said to be fifty branches in this country.

MEMORIAL DAY

A Beautiful Custom Universally Observed Throughout the Nation's Domain

Memorial Day is coming on apace and the matter of its proper observance should not be neglected. It is to be presumed that Joseph Heiser Post No. 13, G. A. R., as heretofore, will look after the details, such as arranging a program and securing an orator for the occasion.

The ranks of the Civil War Veterans are thinning out as the years go by, and during the past twelve months the death rate has been very high, especially in this vicinity has it been marked by the many who have passed over the great divide. Soon none will be left of the grand host marshalled in '61-'65, all will have answered at the last roll call—taps and lights out.

Decoration Day, strewing with flowers the mounds under whose sod rest in eternal sleep dear ones gone before, is a beautiful sentiment and custom—the giving over of one day for the assembling in the City of the Dead, and as it were, communing and mingling our thoughts with things eternal.

The members of Joe Heiser Post are old in years and few in number, and in order that they might be relieved of the burden imposed in the preparation, it would not be amiss to invite members of the Junior Order of American Mechanics and Spanish American War Veterans, to assist in the arduous duties that necessarily devolves on those who arrange matters.

All who grow flowers should kindly reserve a few for this occasion and send them to the Post room in Cox Building, where they will be thankfully received.

A RELIABLE
SPRING MEDICINE

"At this season of the year there is hardly a man, woman or child in Maysville who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength, and we are safe in saying we have never sold anything in our store equal to Vinol for this purpose."

This new way of administering the medicinal properties of cod liver oil has wrought a wonderful change in the field of medicine. There is no need to take greasy cod liver oil, emulsions or drugs to purify and enrich the blood and create health and strength, for we guarantee that pure, simple and delicious cod liver and iron preparation, Vinol, will do it, or your money will be returned.

Mrs. Roe Lavigne, of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude."

Said Mr. J. C. Pecor, our local druggist: "We could go on quoting from hundreds of such letters, but simply ask the people of Maysville to try Vinol this spring on our guarantee to return money if they are not benefited."

JOHN C. PECOR, Druggist.
NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

TWENTY-CENT TOBACCO

And No 1908 Crop Is Now the Slogan-Growers Defiant

Lexington Gazette.

Senator J. W. Newman, of Versailles, one of the most enthusiastic delegates to the Burley Tobacco Growers' Association meeting, held in this city Thursday, a radical step by which he believes the tobacco growers will win out in the fight with the American Tobacco Company.

Senator Newman said to a Gazette reporter: "When I say what I shall tell you, I believe I voice the sentiment of the growers, and that is: Pool the tobacco crop for the year 1907; advance the price from fifteen cents to twenty cents per pound, and grow no tobacco during the year 1908."

Mrs. M. H. Davis of Mayslick entertained the Nomads at luncheon Saturday with the cordiality and elegance which always characterize her hospitality.

Miss Alma Potts entertained with a birthday party at her home in Clifton Saturday afternoon. The forty guests present enjoyed the occasion to the fullest, and it was an opinion unanimously expressed, that Miss Alma was a most charming hostess.

BLAINE ON GARFIELD'S DEATH.

Will THE LEDGER de ne the very great favor of reprinting the closing sentences of James G. Blaine's famous memorial address on the death of President Garfield? We have been told that it has never been unpressed in beauty of language.

CONSTANT READER.
The closing words of Mr. Blaine's tribute were as follows:

"Gently, silently, the love of a great people bore the pale sufferer to the longed-for healing of the sea, to live or to die as God should will, within sight of its heaving billows, within sound of its manifold voices. With wan, fevered face tenderly lifted to the cooling breeze, he looked out wistfully upon the ocean's changing waters; on its fair sails whitening in the morning light; on its restless waves rolling shoreward to break and die beneath the noonday sun; on the red clouds of evening arching low to the horizon; on the serene and shining pathway of the stars. Let us think that his dying eyes read a mystic meaning which only the rapt and parting soul may know. Let us believe that in the silence of the receding world he heard the great waves breaking on a farther shore and felt already upon his wasted brow the breath of the eternal morning."

The L. and N.'s increase for the year to April 27th is \$4,353,507, and the earnings now run nearly a million a week.

A FATAL MISTAKE.

Is Often Made by the Wisest of Maysville People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney life. Serious complications follow.

Doan's Kidney Pills cure them promptly. Don't delay until too late.

Until it becomes diabetes—Bright's disease. Read what a Maysville citizen says: James D. Tolle, clerk at Wood Bros., meat market, and living at 117 Short street, Maysville, Ky., says:

"I was troubled a great deal for some time with constant heavy pain in the small of my back and over the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent. There was also a burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit continued their use until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give full credit to Doan's Kidney Pills and feel justified in strongly recommending them to others."

New School Building!

Owing to the fact of the School Board's having bought the old Porkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a storehouse in Maysville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Maysville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

Gage marks 28.4 and rising.

The Virginia is the Pittsburgh boat due down tonight.

Another coal fleet left Pittsburgh yesterday and the harbor is now practically free of coal. The total shipment on this rise has amounted to 6,000,000 bushels.

A party of budding United States Engineers will arrive in Pittsburgh May 1st for a stay of several days inspecting river work. The party will include fourteen members of the Engineers School of Application of Washington, which is the post-graduate school for the brightest students from West Point who elect to enter the engineering corps of the army. The several uncompleted locks of the district will be well under way then and will offer excellent opportunities for investigation.

River conditions are about as favorable just now, to both steamboatmen and shippers, as they have been for a long time. There is a splendid heating stage of water in the Ohio from Pittsburgh down, and all the through steamers of the three big packet lines are plying regularly between Pittsburgh and Cincinnati. Transportation is also good from all points on the Ohio to Charleston, on the Kanawha. The only drawback the steamboatmen are experiencing now is a shortage of common laborers, and they have found it extremely difficult for many months past to get enough rowers to take care of the business offered them, so as to make their regular trips on schedule time. This annoying feature has, however, been somewhat relieved within the past two weeks.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

The Democrats are rapidly dividing into classes—those who swear by Bryan and those who swear at him.

The Bureau of Ethnology at Washington is proposing to send scientific parties to Africa to study the progenitors of the American Negro on their native heaths, and his origin and development before he came into contact with civilization. Congress will be asked for authority and money to carry out the project.

The saloon license at Huntington has been increased to \$1,000 a year and the city has twenty saloons.

One of the three Negro officers in the Army, Captain Charles Young of the Ninth Cavalry, has been ordered from Hayti, where he has been military attaché, to the Philippine Islands. He will soon reach his majority and it is believed that complications may arise when white officers are asked to serve under him.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-nelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

SPRINGDALE.

Mr. Alfred Stamper of Vanceburg was here Thursday.

Mr. Perry Henderson of Lewis county was here Thursday.

Dr. Bowman made a professional call here the first of the week.

Mrs. Galois Rice is visiting her brother, Mr. Will Cruey, at Huntington, W. Va.

Messrs. Miller Kimball and Collins Bradford visited Mr. Arthur Pixley at Pence, the past week.

Mrs. George Wirtline of Ripley is the guest of her parents, Mr. and Mrs. Soyester, in the West end.

Little Miss Leona Elliott is slowly recovering from a severe case of tonsillitis. Dr. Hord is attending her.

Mr. Jack Cobb has been granted a two months vacation from his duties as night operator here.

Mrs. T. J. Goodwin and bright little daughter, Virginia Davis, were visiting in the country Wednesday.

Mr. Louis Otto, youngest son of Mr. and Mrs. John Otto, although not yet eighteen years of age, is making a fine record. He has been in the service of the C. and O. as operator for nearly a year without losing a day. He is now located here as night operator during Mr. Cobb's vacation.

Mr. Steve Gardener was here from Rectorville Thursday with rod and line. He met with usual fisherman luck.

Messrs. Dave Gillespie, John Grey, John Hamrick and Arthur Tolle of Tolleboro were business visitors here Thursday.

We are frequently asked "what has become of the Farmers' Institute?" Several of the farmers about here would like to attend its sessions.

Miss Leona Ryan came down from Portsmouth Saturday. She is convalescing from typhoid fever and will spend a few weeks at the pleasant home of her uncle, Mr. Rice Riggen.

Miss Christina Otto of Portsmouth is visiting relatives in Cincinnati this week, and will be the guest of her parents, Mr. and Mrs. John Otto, at their beautiful home here next week.

Dr. Burdick was here Wednesday en route to Vanceburg. He says he is compelled to take this roundabout way to get to Vanceburg because of the almost impassable conditions of roads up that way.

Good reports from the meeting at Ebenezer is reaching here. The speaker is unusually popular, as he is said to talk education as well as religion to his large audiences. If we recollect aright our good Presbyterian brethren have always advocated and generally established good schools in proximity to Churches.

At Ashland Bert Owens, yard foreman of the C. and O. had his eyes nearly blown out Saturday by practical jokers who placed a railroad torpedo on a hot stove just for fun.

SHIPMENT OF LIQUOR

To Dealers With Unexpired Licenses Cannot Be Legally Stopped

The Court of Appeals has decided that a liquor dealer has the right to have liquor shipped to him as long as his license lasts, even if he is in a district that has voted local option.

The case was that of A. J. Sheehan vs. L. and N. Railroad Company, from Kenton county.

Sheehan lives in Falmouth, and his license expires May 1st. Last fall Falmouth voted local option, and some time this spring the railroad refused to ship beer from Covington consigned to Sheehan at Falmouth.

He sued to compel the railroad to ship it, and the Appellate Court says the state grants the license, and unless liquor can be shipped to the man licensed he is put out of business, and as the state guarantees him the right to do business, it must not, by another law, prohibit him from doing what he has paid his money to do.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs.

Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.
